

Tiny House

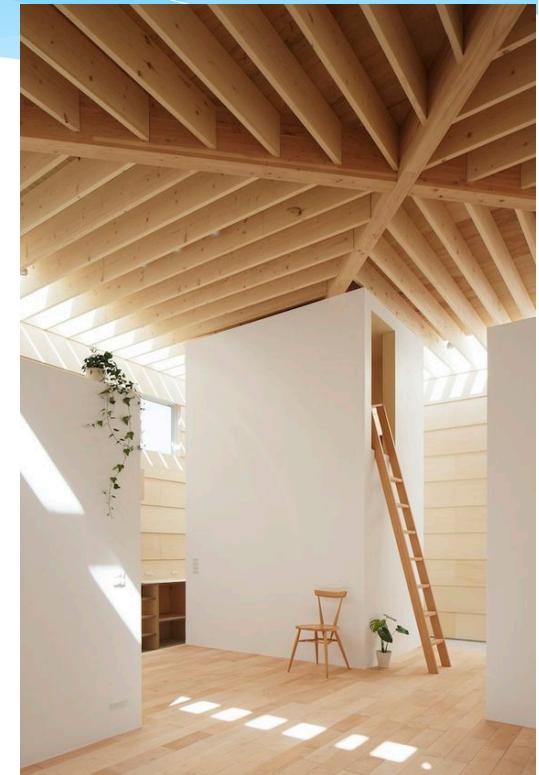

Eva Huang

Aug 8th, 2017

Design Narrative & Inspiration

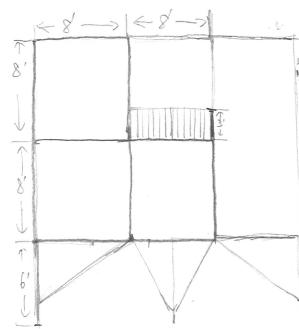

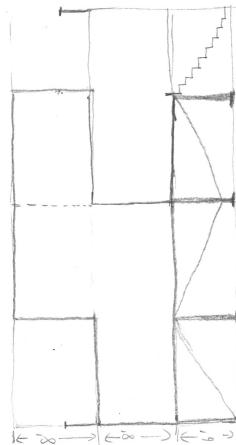

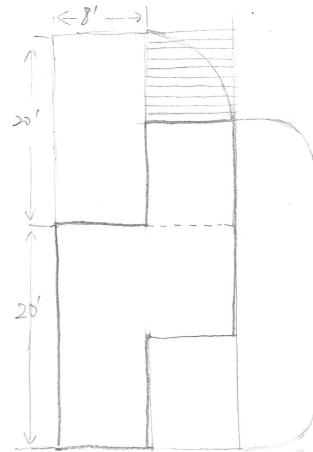

This house will be a young illustrator's weekend home. Around the house, flowers blossom in Spring and summer, trees change color in Autumn and snow fall peacefully in Winter. She will also invite friends over for afternoon tea when the weather is warm or weekend book club when it's cold.

Planned Material and Landscape

- * Steel which resists moisture
- * Self-cleaning, reinforced, light sensitive glass
- * Shou Sugi Ban Wood for coffee table, bed and stairs
- * A cherry blossom tree beside the house
- * A herbal garden on the second floor

Thank you all and David for the great
course!
